Information for Healy Users

[www.healy.world](http://www.healy.world)

## Notice

"Individualized Microcurrent Frequencies" ("IMF") is a proprietary technology of Healy World. It uses the data from a physical noise generator to assign a priority to frequencies that professional user experience indicates have the highest relevance for the user.

The duration, frequencies, intensity, frequency, naming, and the descriptions of the Individualized Microcurrent Frequency (IMF) programs are based on the practical experience of Nuno Nina and other experts and our understanding of the interaction of frequency modulated microcurrent with the Bioenergetic Field. They have not been confirmed by independent studies.

The Healy Individualized Microcurrent Frequency (IMF) programs are designed to support wellbeing through harmonization of the Bioenergetic Field. We have conducted unblinded before/after surveys in controlled and randomized groups of participants. These surveys suggest that the participants' wellbeing was higher after the application. We attribute this to the harmonization of the Bioenergetic Field, which we refer to as the energy flow of life, traditionally also called chi (or qi) and prana. This has not been confirmed by independent studies.

The purpose of the programs is to provide the user with a tool to explore application options. Healy programs should not be treated as a substitute for professional medical advice, diagnosis or treatment. You should always seek such advice from a qualified medical professional. If you have or suspect you may have a medical condition, or if you are under the care of a healthcare practitioner, you should consult your practitioner before using Healy. Always use your Healy according to the Instructions for Use.

The Quantum Potential Frequencies (QPF) of the Healy Coil and the Individualized Microcurrent Frequency (IMF) programs of the Healy device are not medical applications. They are not intended to cure, treat, mitigate, diagnose, or prevent any disease or medical condition. The terms used in the programs do not constitute statements concerning their effects. The purpose of the programs is to provide the user with a tool to explore application options. Healy programs should not be treated as a substitute for professional medical advice, diagnosis or treatment. You should always seek such advice from a qualified medical professional. If you have or suspect you may have a medical condition, or if you are under the care of a healthcare practitioner, you should consult your practitioner before using Healy. ## Notice

Information Field technology is a proprietary technology of Healy World. It is based on the theory that the Information Field is the non-material area through which spirit and matter communicate. It reflects what we consider to be the spiritual meaning of life events. The existence of such a field is discussed in scientific literature.

Analysis in the Information Field is designed to search for the information patterns that contribute to the harmonization of the Information Field. For this purpose, a priority is assigned to contents such as descriptive sentences, arranged in lists, by evaluating the data of a physical noise generator. In our users' experience, this priority reflects the relevance for the user. An analysis in the Information Field reflects a combination of factors at the time the analysis is done, including the intention of the user. An analysis at a different time may have a different result due to changes in the environmental variables.

Healy World has conducted unblinded before/after surveys in controlled and randomized groups of participants. These surveys suggest that the participants' wellbeing was higher after the application. We attribute this to the harmonization of the Information Field, in which the life energy, also called chi (or qi) and prana, is brought back into flow. This has not been confirmed by independent studies.

The analysis and harmonization in the Information Field is not intended to cure, treat, mitigate, diagnose or prevent any disease or medical condition. It is intended to give the user the option, in a holistic context, to derive helpful information from findings from the Information Field. Each user should determine, based on their own experience, whether the application seems to be helpful to them or not.

The terms used in the databases and modules do not constitute statements concerning their effects. Information from the Healy device should always be critically questioned and, if necessary, verified with further procedures. It should not be treated as a substitute for professional medical advice, diagnosis or treatment. You should always seek such advice from a qualified medical professional.

# Mental Balance

Maintaining mental balance is a cornerstone of overall wellbeing

How does the Healy support with **Mental Balance** programs?

We believe that if the so-called spiritual life is intact, an individual is balanced and vital. The Mental Balance program group is designed to **bioenergetically harmonize your mental harmony.**

Did you know?

- The mental balance and the subconscious of the human being host all **feelings and thoughts, mental characteristics** and personality traits.
- Psychosomatics shows, people can have physical complaints **caused by mental imbalances.**
- This influence also **works in the opposite direction**, so that the body, e.g. the intestine, has a great influence on a person's mental balance.
- For example, traumatic experiences that have not been processed, integrated or dissolved can have an effect on the **physical, mental** and **spiritual level.**

# Meridians 1 & 2

A meridian is an energetic highway in the human body

- Traditional Chinese medicine (TCM) claims that the life energy (Qi) flows in channels, or meridians.
- According to this concept, there are **twelve main channels** and **each meridian is assigned to a functional circle (organ system)**.
- The corresponding acupuncture points are therefore threaded onto the meridians like pearls on a string which acupuncturists use to positively influence **the state of the energy flow**.

How does the Healy support with **Meridians 1 & 2** programs?

The Healy IMF programs are designed according to the **meridian system of Dr. Reinhold Voll** for the harmonization of the Bioenergetic Field of the individual meridians.

# Chakras

The chakra system is thousands of years old and can be found in many cultures all over the world

Did you know?

- The influence of Indian chakra teachings can be found in the foundation for **Buddhism, Hinduism**, and **various techniques of energy and body work** e.g. Yoga, Tai Chi and Ayurveda.
- The chakras serve as mediators to the **physical body** and **the subtle body (the aura)**.
- There are **seven main chakras**, characterized by **certain functions and colors**.
- The main chakras can be **physically assigned to the organs and glands** with which they are supposed to be connected.

How does the Healy support with **Chakras** programs?

We believe that with the help of intuition, one can perceive the existence and the position of the chakras and explore one's own energy field. The Healy IMF chakra programs are designed to **bioenergetically harmonize these central energy centers and bring them back into their natural balance.**

# Fitness

**Fitness is a good means of balance for physical, mental and emotional wellbeing**

The Healy Fitness IMF programs concentrate on the harmonization of the Bioenergetic Field in four essential areas:

**Muscles**

**Performance**

**Weight**

**Deep Relaxation**

How does the Healy support with **Fitness** programs?

It is always important to feel supported and centered, especially during times of need. The Healy Fitness programs have been developed with this key idea in mind. We strongly believe that **a balanced, sustainable and holistic psycho-physiological constitution** must encompass both the body and the mind.

In our experience, this combination is therefore suitable for everyone who enjoys fitness activities.

# Sleep

For better sleep, focus on quality, not just quantity

Did you know?

- We spend about **one-third** of our life sleeping.
- Depending on the age and life situation, **4-12 hours** of sleep may be required, in one go or spread over the day.
- Sleep is vital; it serves to **regenerate the body** and **process the impressions of the day**.
- Disturbed sleep and poor sleep quality can **throw us off balance, have a negative emotional effect** and even **make us sick** in the long run.

How does the Healy support with **Sleep programs?**

Healy IMF applications are designed to harmonize your Bioenergetic Field to **prepare for sleep by quickly resting after a long or stressful day.**

# The Power of Three

**Stressful events and negative influences can have a substantial impact on those who experience them**

Power of Three is a set of Healy IMF program groups:

- **Bioenergetic Rebalance**
- **Universal Frequencies**
- **Digital Ayurveda**

In our experience, the programs in each group support each other and create a strong bioenergetic synergy if used alternately.

How does the Healy support with **Power of Three** programs?

The Bioenergetic Rebalance Group is particularly designed to be applied at difficult energetic times. Followed by Universal Frequencies and then Digital Ayurveda, they create **Power of Three-Square synergy**. Use each program group for three weeks in addition to the Healy IMF programs you are currently using.

When this call is ignored for too long and if one's own limits are permanently exceeded, the body may adopt a **"refusal attitude"** that can lead to the deactivation of entire functional areas.

Prolonged fatigue

Exhaustion

Hypersensitivity

How does the Healy support with **Job** programs?

These Healy IMF applications are designed to provide valuable harmonization of the Bioenergetic Field when leading **an active and stressful professional life**.

A person's wellbeing comes not only from physical health, but also mental and spiritual health. Optimum health is achieved when all three components are in alignment.

### How does the Healy support with **Wellbeing** programs?

The Wellbeing program group consists of **three well-aligned Healy IMF programs**. They contain frequency spectra, each of which, in our experience, relates to the body, mind and spirit and is intended to bring them into harmony with each other.

The three Wellbeing programs can be used individually, but also together **for optimal synergy**.

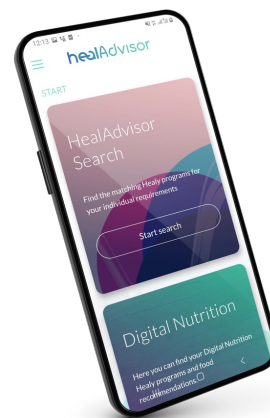

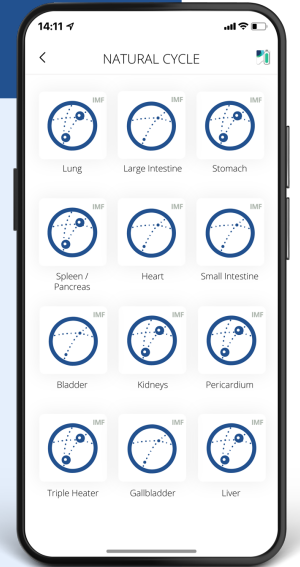

# Natural Cycle

Our life is profoundly influenced by the phases of the moon, the sun and the earth

Most of us today are leading lives that are moving too fast and causing us to drift away from our natural rhythms. Our body and our mind are sensing these conflicts and many of us experience **physical and emotional imbalances**.

How does the Healy support with the **Natural Cycle** module?

According to our experience, with the Healy Natural Cycle program group, we can address these challenges by **bringing our lives back into alignment with the natural cycles and flow**. The Healy Natural Cycle programs contain completely new frequencies, developed and compiled by Nuno Nina, the creator of the Healy Gold Cycle.

The application of the Natural Cycle program must begin on **so-called trigger dates** (e.g., a change of seasons, an equinox, etc.). The HealAdvisor Natural Cycle module calculates the right day and the exact time for the optimal start and determines the right program for the application of the Natural Cycle protocol based on the phases of the moon, the sun and the earth.

## Study programs

Natural Cycle programs and Meridians 1 and 2 program group

### Group A:

Application of one program of the Natural Cycle and one stabilization program per day applied on predefined optimized times.

### Group B\*:

Application of the Meridians 1 and 2 programs 1-2 times a day, with no programs to be used on Sunday

### Group C:

Usage of the Healy device with microcurrent frequency applications as usual, without further specifications.

## Incentive

Natural Cycle (unlimited)

Randomized, 21 days, 3-arm controlled study (Natural Cycle programs vs. Meridians programs 1 and 2 vs. control group) conducted by Healy World with 364 participants (error bars = 95 confidence interval)

Healy Coil

A new type of coil, a new and unique Healy accessory:

# Healy Coil

## Cable-Free Harmonization of the Bioenergetic Field

There may be times when you find using cable electrodes awkward or inconvenient. In these situations you can now use the Healy Coil that lets you transmit Healy frequencies **without cables!**

To harmonize the Bioenergetic Field, the Healy Coil is designed to use the IMF programs at 30-100% intensity.

# Healy Coil

## Based on Quantum Potential Frequencies (QPF)

The electrical currents of the Healy IMF programs flow through the Healy Coil and generate two magnetic fields with opposing field lines which cancel each other out, with the magnetic quantum potential remaining unchanged. This is called the **Aharonov-Bohm effect**.

In our experience, "Quantum Potential Frequencies" or QPF are created in this way. QPF can thus resonate with biological organisms without the transmission of physical energy. According to our experience, frequencies can be transmitted via Quantum Potential Fields without using cables; **pure information is vibrating**.
